1. USER STORY:

   As an administrator:
   ● We want people to sign up and login so we know they are authenticated users
   ● The exchange should be strictly restricted to one object per person at a time

   As a user:
   ● I want to be able to trade my objects with others if they need it
   ● I want to be able to fill up a form regarding the reasons and the object I want
   ● I should be able to get a notification if someone responds to my request
   ● I want to confirm and thank the owner that i received their object

   As a donor:
   ● I want to be able to look at the requests for objects
   ● I want to filter the requests there to see only the requests related to objects I possess
   ● I need a notification telling me the person i donated to has successfully received my object

2. USER WORKFLOW

   As a donor
   ❏ Donor logs into thor account
   ❏ Sees 2 tabs- Donate and request
   ❏ Clicks on donate to see requests regarding specific objects
   ❏ Filter option can be made available
   ❏ Donor can look through and respond to any request they wish

   As a user
   ❏ User logs into their account
   ❏ Sees 2 tabs - donate and request
   ❏ Clicks on request
   ❏ If there are no pending requests - they are taken to a page where a form is to be filled with vital information such as name of the object, area to be delivered, etc
   ❏ If it is their first request, details like name,age,address,pincode have to be filled in
   ❏ If it is not, they can immediately submit the request
   ❏ However if the person has a pending request, he/she cannot request another and hence, will have to wait for it to be fulfilled or cancelled
   ❏ Once submitted, the request can be seen on the "request" screen
